

REMARKS

Applicant has amended the claims to more succinctly define that which the Applicant regards as the invention prior to examination. The changes made are typographical or grammatical in nature, involve minor clarification of awkward wording, or have been amended to correct problems with antecedent basis. A new dependent claim is added to further recite an additional limitation to claim 1. These changes add no new matter to the application and are fully supported by the original disclosure. A check in the amount of \$11.00 to cover the fee for the new dependent claim is enclosed.

Respectfully submitted,
